

About Hours of Service

Omnitracs Hours of Service is designed to help drivers comply with Canadian Commercial Vehicle Drivers Hours of Service Regulations.

When you request to see a driver's logs, you can expect the driver to hand you this quick reference card and hold the display unit for you to see. You can view log data in a graph or detailed view.

Note: Drivers are responsible for verifying the accuracy of the logs. Drivers are not able to edit driving time on their electronic logs.

Header Line Information

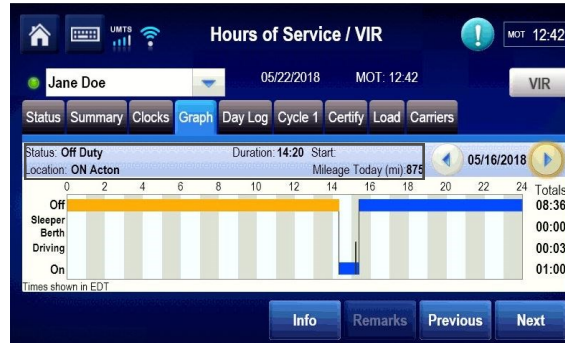

- At the top, the driver's name is always visible.
- A dot preceding the name indicates the driver's current status:
 - - a bright green dot indicates the active driver.
 - - a dull green dot indicates the inactive driver.
- To view a team driver's status, tap the drop-down list and select a different name.
- The MOT clock displays the remaining driving hours available to the driver before entering into violation.
- Regulations change above 60° N and clocks reflect this change.

Logs Viewed as a Graph

The **Graph** tab visually depicts the duration of each driver's activity over the past 24 hours.

Tap a bar to see details about that activity.

Status: Off Duty Duration: 14:20 Start: Mileage Today (mi) 875
 Location: ON Acton

Tap the arrow button to see data from other days in the current duty cycle.

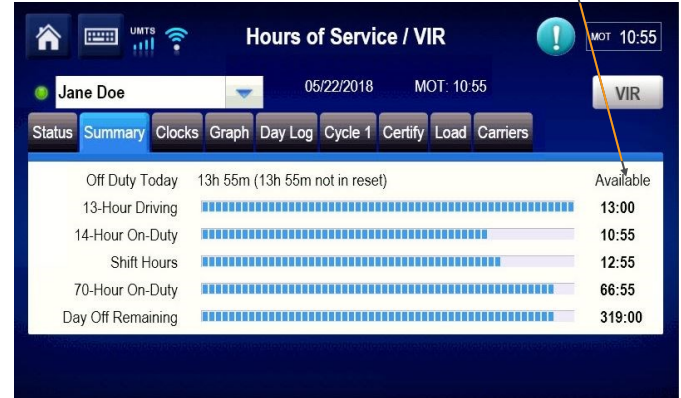

A red outline indicates that the duty status occurred during a system or sensor failure. The driver is instructed to keep paper logs during these periods.

The driver's current status, time it started, and how long the driver has been in this status.

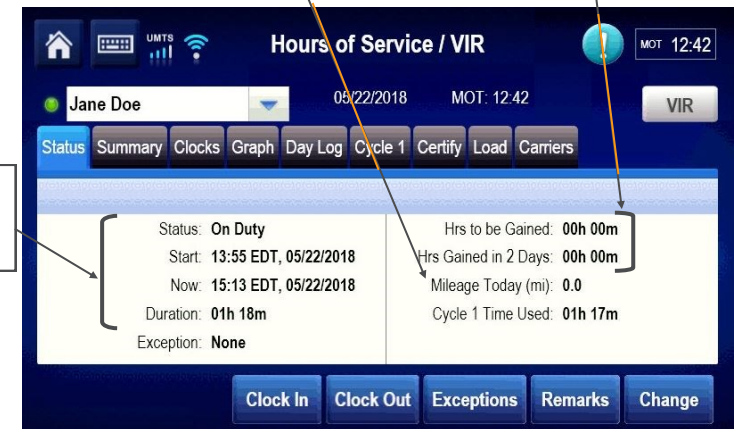

Summary and Status Tabs

The **Summary** tab shows the time remaining before the driver is in violation of each Hours of Service rule.

Status shows other important driver information.

Today's mileage and hours gained tonight and tomorrow night.

WARNING Driver - Do not use while vehicle is in motion. Use of display unit while driving will cause distraction and loss of vehicle control which may lead to serious injury or death.

Day Log Details

The **Day Log** tab lists the driver's activities over the past 24 hours. Tap the arrow buttons to navigate through the records.

All start times reflect the time zone of the driver's home terminal.

✓ indicates the driver has approved/certified the record.

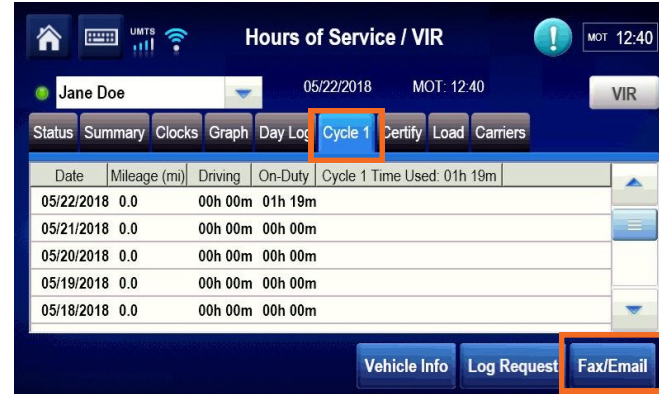

! indicates there was a system or sensor failure at the time of this record. Drivers are instructed to keep paper logs when a failure occurs. Upon notification that the problem was resolved, the driver is instructed to return to using the Omnitracs Hours of Service application.

DRIVER NOTE: if you are out of coverage and need to request a faxed copy of your logs, please call your dispatcher for assistance.

WARNING Driver - Do not use while vehicle is in motion. Use of display unit while driving will cause distraction and loss of vehicle control which may lead to serious injury or death.

Cycle 1/Cycle 2 Driving and On Duty Totals

This tab shows the total miles driven, and the total driving and on-duty time for each day in the most recent duty cycle.

Request Logs as a Hard Copy

If you prefer a hard copy of the driver's logs, you can request that the logs be faxed to your office.

Provide the driver with your fax number and a name to enter in the **Attention** field.

NOTE: If you are out of coverage and need to request a faxed copy of your logs, please call your dispatcher for assistance.
