

# Fleet portal release notes v8.15.0

Modified on: Wed, 17 May, 2023 at 7:50 PM

## Fleet Portal v8.15.0 (2023-05-12)

### Changes:

1. New & improved DVR Video request page.
2. Cookie banner for user privacy settings.
3. New config related to driver ID source and driver persistence.
4. Introducing a feedback widget for users to report feedback, bugs, etc.
5. Renamed 'DVR' to 'Video Request' & 'EDVR' to 'Event On-Demand' for better user understanding.

### Bug Fixes:

1. Ability to view trips from other fleets in some scenarios.

### Reference Screenshots:
