Release Notes  
Updated Nov 9, 2023

## Contents

<b>Contents</b> .....	1
Compliance – Hours of Service.....	2
Compatibility Requirements.....	3

**IMPORTANT NOTICE**

Please be aware that upgrading OT1 Mobile using an MDM or the OT1 Installer application will result in logging the driver out of the XRS Mobile application. Drivers will need to re-login once the upgrade completes.

**Compliance – Hours of Service****Improvements****XRS-26779 - XRS mobile 6.80- Confirm/Reject option missing for pending edits**

We resolved an issue with drivers being unable to confirm or reject carrier edits made to duty status changes that were originally recorded as UVA.

## Compatibility Requirements

Please refer to our minimum requirements for system components that are used with these solutions:

### [Compatibility requirements for devices, operating systems, and browsers](#)

### [Certified mobile devices](#)

### [RNA routing and dispatch client specifications](#)
