

# OMNITRACS TAX MANAGER 1.4 PATCH RELEASE NOTES

## Software Corrections

Omnitracs Tax Manager 1.4 Patch release includes software corrections.

Items	Release Notes	Component
TM-2296	We have corrected an issue that could prevent HUT tax filings from completing.	Tax Filings
TM-2298	We have corrected a rare issue that could duplicate information when completing HUT tax filing reports.	Tax Filings
TM-2301	We have corrected an issue that may have resulted in the tax rate not calculating for tractors for New Mexico (NM) and Oregon (OR) HUTs.	Tax Filings
TM-2313	A notification now appears if a vehicle has mileage but required fields are missing on the vehicle profile.	Tax Filings
TM-2314	An enhancement was made so that if the New York HUT Permit # is not entered for the tax account, the Tax Payer ID will be used.	Tax Account
